

MILWAUKEE COUNTY
LOCAL EMERGENCY PLANNING COMMITTEE (MCLEPC)
MEETING MINUTES
Monday, Nov. 9, 2015

MEMBERS PRESENT: Dr. Kim Anderson, Robert Heitzer, Chief Tom Rosandich, Dr. James Lubner, Rick Kante, Christine Westrich, Carl Stenbol, Battalion Chief David Votsis, Chief Ann Wellens, Ben Lorber, Supervisor Willie Johnson, Jr.

ABSENT/EXCUSED: Paul Biedrzycki

I. CALL TO ORDER

The meeting was held at the MCSO Training Academy in Franklin. The meeting was called to order at 8:31 a.m. A quorum was present.

II. APPROVAL OF MINUTES

A motion was made seconded and carried to approve the May 11, 2015 minutes.

III. SUB-COMMITTEE REPORTS

- **Communications & Public Relations:** No report
- **Compliance:** Mr. Stenbol reported there are no pending compliance matters at the county level. State EPCRA staff continues to monitor Tier II compliance.
- **Membership:** Vacancies for Transportation Rep. and State Elected Official are under review by the County Executive's Office.
- **Community Right-To-Know / Emergency Response:** Dr. Lubner noted that they reviewed 5 new plans and 33 updated plans for inclusion in the County Wide Telecommunications Plan. Also 6 final plan updates were noted.

IV. APPROVAL OF PLANS A report of the Community Right-to-Know and the Emergency Response Subcommittees (CRTK/ER).

New Plans for inclusion in the County Wide Telecommunications Plan: These facilities in Milwaukee County use batteries containing electrolyte solution containing Sulfuric Acid. Criteria for this County-Wide Plan is that the only EHS present is the Sulfuric Acid in the batteries used for back up power. The hazard posed would be less than 0.1 mile or less than 528 feet and that the vulnerability zone stays within the perimeters of each facility and the maximum number of persons affected are one employee. These facilities are normally not staffed except when a technician is present for servicing the site.

For each facility the following was reviewed and confirmed: emergency contact information, chemical inventory, emergency response resources to include spill containment supplies and sewer mat covers, facility site plans denoting chemical storage and sewer locations, 911-Evacuation status and a designated hazmat contractor were reviewed.

- 1) AT&T Milwaukee Switch ZX02GN, 5825 N. 99th St, Milwaukee. The CRTK/ER Subcommittees recommended approval of this new plan recommending that an updated facility interior floor map denoting chemical storage location be provided. **LEPC Approval:** a motion was made, seconded, and carried to approve the inclusion of the new plan in the County Wide Telecommunications Plan with the recommendation that an updated facility interior floor map denoting chemical storage location be provided.
- 2) AT&T PC0172, 633 W. Wisc. Ave., Milwaukee. The location of the site's backup power generator and diesel fuel was discussed and the secondary containment for the diesel fuel was confirmed. The CRTK/ER Subcommittees recommended approval of this new plan with no recommendations. **LEPC Approval:** a motion was made, seconded, and carried to approve the inclusion of the new plan in the County Wide Telecommunications Plan.
- 3) Level 3 Communications MILWWIDK, 411 E. Wisconsin Ave., Milwaukee. The CRTK/ER Subcommittees recommended approval of this new plan with no recommendations. **LEPC Approval:** a motion was made, seconded, and carried to approve the inclusion of the new plan in the County Wide Telecommunications Plan.
- 4) Level 3 Communications MILXWIIIX, 1710 N. 6th St., Milwaukee. The CRTK/ER Subcommittees recommended approval of this new plan with no recommendations.. **LEPC Approval:** a motion was made, seconded, and carried to approve the inclusion of the new plan in the County Wide Telecommunications Plan.
- 5) WI-5194 Time Warner Cable, 514-518 W. Walnut St., Milwaukee. The facility site map was discussed to clarify the location. The CRTK/ER Subcommittees recommended approval of this new plan with no recommendations. **LEPC Approval:** a motion was made, seconded, and carried to approve the inclusion of the new plan in the County Wide Telecommunications Plan.

Updated Plans for inclusion in the County Wide Telecommunications Plan: These facilities in Milwaukee County use batteries containing electrolyte solution containing Sulfuric Acid. Criteria for this County-Wide Plan is that the only EHS present is the Sulfuric Acid in the batteries used for back up power. The hazard posed would be less than 0.1 mile or less than 528 feet and that the vulnerability zone stays within the perimeters of each facility and the maximum number of persons affected are one employee. These facilities are normally not staffed except when a technician is present for servicing the site.

Thirty-three (33) plan updates were discussed. Emergency Management staff noted that the following was reviewed and confirmed: emergency contact information, chemical inventory, emergency response resources to include spill containment supplies and sewer mat covers, facility site plans denoting chemical storage and sewer locations, 911-Evacuation status and designation of a hazmat contractor.

1. AT&T PC1001, 801 North 35th Street, Milwaukee
